## Experience improved fluid stability and longevity with HE&M's enhanced line of metalworking fluids, *ELIMINATOR II.*

- High quality semi-synthetic anti-spatter product
- Formulated for use on all ferrous metals
- Water based formula
- Leaves light lubricant layer for protection in multi-pass welds
- Does not contain any types of solvents, ozone depletors, or silicone
- Provides excellent rust protection
- Can be removed with water, alcohol, or any mild alkaline cleaner
- Also suitable for use in robotic torches or plasma tables

**- Can be sprayed on, brushed or dipped -**  
**- Reduces the costly labor and down time of spatter clean up and equipment changes -**

**Available In:**  
P-207055 55 Gal Drum

**Physical & Chemical Characteristics:**  
Appearance/Odor.... Translucent Amber Liquid/Mild  
Weight (lb/gal) 8.4  
pH (concentrate) 10.0  
Flash Point None
